Dear KOVACEVICH Francisco,

We are pleased to inform you that you have been accepted at Phelma (Ecole PHysique, ELelectronique et MATériaux), within the Student Exchange Program for the 2018/2019 academic session. Your major field of study is: Reactor Physics and Nuclear Engineering Specialty (GEN).

Requested date of arrival: **Before September 3rd 2018**

Supposed end of mobility: **July 2019**

Integration week

The French Intensive week planned by Grenoble Institute of Technology will take place from September 3rd to September 7th 2018. In the same period, an integration week will be organised by our student association. Your participation is highly recommended.

Registration in Phelma, welcoming seminar and study advisor:

To complete your registration to Phelma, you will need different kinds of document; you will be informed later in June about the registration procedure.

You will need:

- ☐ *For European student only:* 1 copy of your European Health Insurance Card,
- ☐ An identity picture size 35mm x 45mm (width x height)
- ☐ A certificate of school attendance of the current academic year
or a certificate of your home University certifying that you have regularly paid your registration fees for the year of your mobility,
- ☐ The identity page of your passport in colour
- ☐ *For non European students who may have to renew/extend their visa:* a birth certificate translated in French is recommended. You are strongly requested to get in touch with the French Embassy in your country / or Campus France for all questions regarding your visa.

A welcome seminar as well as an appointment with your study advisor to review and finalize your "Learning Agreement" will be organised early September. More information will be given to you by mail later on.

(To prepare your Learning Agreement, please take in consideration that lab sessions are open to exchange students according to availability.)
